C900 GASKETED PRESSURE

► "Whisper phones" were built for a class of Pre-K and Kindergarteners. They allow the children to hear their own speech while reading aloud, which helps them to enunciate more clearly.

◀ Need to impress your mother-in-law? We build birdhouses!

▲ A children's slide made from Plastic Irrigation Pipe. Installed on the upper terrace of a backyard, it travels through a line of hedges and down to the lower terrace.
